## Chart Organization & Search

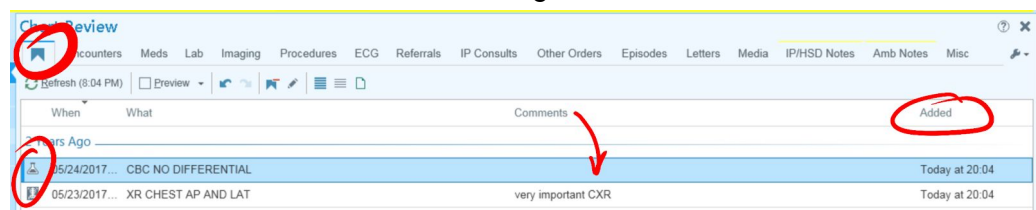

### “Notes” Activity

- New “**Notes**” layout
- Ability to sort notes by “**Service**”
- View only “**Tagged**” notes  
(tagged notes are seen by **everyone**)

### Chart Review

- **Bookmarks** in Chart Review
- **Any item** in Chart Review can be added to bookmarks (notes/labs/imaging/etc)
- A reminder can be added to bookmarks for future reference
- Bookmarks are saved for **each provider**, but can be viewed by others as well

## Pasteboard

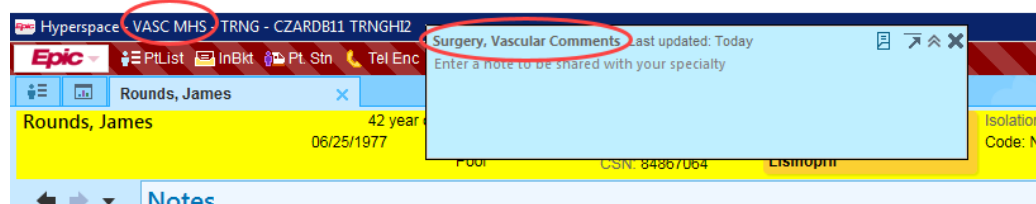

- Supplements regular **clipboard**

- Holds up to **10 blocks** of text from anywhere in chart

- Shortcut **CTRL+E**, or right-click "Copy to Pasteboard"

## Specialty "Sticky Notes"

- **Shared** among department members (*determined by the Login department, e.g. MHS HBS*)
- **Preserved** after discharge (*unlike Handoff*)
- **Cannot** be viewed from patient list (*yet*)

## Global Chart Search

- **Chart search (CTRL+Space)** now searches through CareEverywhere
- **E.g.** search for "ECHO" will find reports from Moa, Queens, and Straub
